PRODUCT OVERVIEW

A technology leader, Real Time Freight, LLC drives more success than any other solution on the market today. The trademarked Real Time Freight™ solution delivers more features, streamlines communication and offers the easiest and best user experience for each party involved.

The RTF Direct Freight board provides your company with the opportunity to grow your direct customer base. Work with Shippers in real-time by viewing Shipper loads instantly as they are posted. With a few clicks you can book a load with your customer without calling, emailing or faxing.

The RTF Freight Direct Board contains loads from thousands of shipping companies in numerous industries who require transportation assistance. Several robust searching options provide you easy access to the loads that match your posted trucks and any regular lanes that you run. Real Time Freight provides your company with the platform to view Shipper loads instantly as they are posted, and Shippers can see your availability as soon as you respond. Thousands of shipping companies use Real Time Freight networks to post loads, find equipment and meet more carriers.

FEATURES

FAST, EFFICIENT ACCESS TO FREIGHT

RTF, the industry's leading freight management system, gives you a fast, efficient way to access freight. Enhanced search capabilities make it easy for you to find freight, and then prioritize loads as you submit offers. Our real-time system keeps you informed of the status, whether the load is open, closed, or recalled. And when the job is awarded to you, you are notified immediately by our Email Alert Notification feature.

MORE DIRECT SHIPPERS

Keep your truck loaded, easily and with confidence as you partner and grow your business with more shippers you can count on.

MUCH MORE THAN A LOAD BOARD

We put you in touch with over 1,000 direct shippers – actual manufacturers and producers who need to move their product. RTF fills your trucks in the most efficient way with one comprehensive, sophisticated, easy to use load matching system.

The RTF closed-loop provides you the comfort of knowing you are working in a secure and safe way to conduct your business. It also provides you the records and reporting needed to run your business more effectively.

USER-FRIENDLY

Our system is user-friendly. It is the most comprehensive yet easy-to-use load matching system available. The screens are concise and easy to navigate. You and your team will be trained in 30 minutes or less.

COMMITMENT TO EXCELLENCE

RTF is committed to excellence and dedicated to the business functions of your company. Our team of trained experts is available to quickly answer questions and resolve any issues or concerns. Our customer support is unparalleled in the industry.
